

Reach millions of developers.

Advertising Prospectus Q3 2021

Millions of developers come to our sites each month.

Your ads will appear on high quality sites for relevant open source projects and developer-focused sites. We have helped dozens of successful companies promote their software products, SaaS services, and job openings to our 100% software developer audience.

A real ad on the EthicalAds network

Reaching the right audience

Geographic targeting

We support geo-targeting to the country level. This allows you to target your messages to specific countries of interest, or exclude a set of countries that aren't relevant to your ads.

In the USA, we also support targeting by state although this can cause prices to vary.

Content (topic) targeting

You can also target to specific content such as programming languages, specific technologies or frameworks, or topics of interest such as security, web development, or devops.

Our publisher network

The EthicalAds network is made up of about 100 different developer-focused sites including our own site Read the Docs. Each publisher is hand-approved so we keep your brand safe.

[Read the Docs](#)

We got our start showing ads on Read the Docs which is a site for hosting open source software documentation.

Read the Docs hosts docs for thousands of open source projects.

[JSBin](#)

JSBin is a tool for experimenting with web languages like HTML, CSS, and JavaScript.

If your target audience is frontend web development, your ads will show on JSBin and similar sites.

[Flask](#)

Flask is a backend web framework built in Python.

If your advertising focus is backend web development, your ads will show on Flask's documentation among other high quality sites.

If you want to know some of the top sites for your desired targeting, please ask!

What our advertisers say...

"The CPL is much lower than other digital advertisement offers, and the audience is tailored to our mission."

Amy Hays

Digital Marketing Manager at Tidelift

"Seriously, EthicalAds has been such a pleasure to work with!"

Lexi Lambert

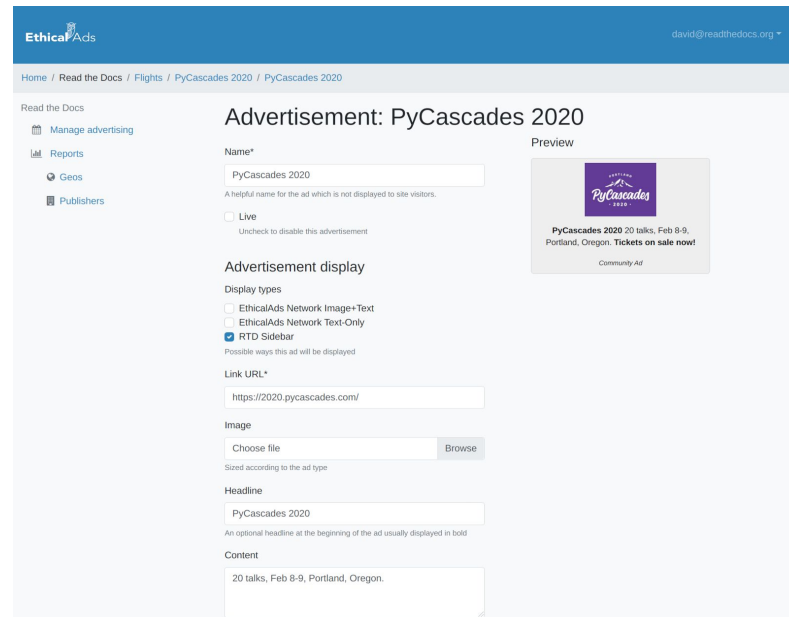

Marketing and Operations Manager at SuperOrbital

Take charge of your advertising

With our advertiser platform, you're in control of your campaign. You can:

- Run multiple ad variations and see what resonates best
- Change out ads while your campaign is running
- View ad performance reports by ad, day, geo, or publisher

The screenshot shows the EthicalAds advertiser platform interface. The top navigation bar includes the EthicalAds logo and the user email 'david@readthedocs.org'. The breadcrumb trail is 'Home / Read the Docs / Flights / PyCascades 2020 / PyCascades 2020'. The left sidebar contains links for 'Read the Docs', 'Manage advertising', 'Reports', 'Geos', and 'Publishers'. The main content area is titled 'Advertisement: PyCascades 2020'. It features a 'Name*' field with the value 'PyCascades 2020' and a note: 'A helpful name for the ad which is not displayed to site visitors.' Below this is a 'Live' checkbox with the label 'Uncheck to disable this advertisement'. The 'Advertisement display' section includes 'Display types' with three options: 'EthicalAds Network Image+Text' (unchecked), 'EthicalAds Network Text-Only' (unchecked), and 'RTD Sidebar' (checked). A note states 'Possible ways this ad will be displayed'. The 'Link URL*' field contains 'https://2020.pycascades.com/'. The 'Image' section has a 'Choose file' button and a 'Browse' button, with a note 'Sized according to the ad type'. The 'Headline' field contains 'PyCascades 2020' with a note 'An optional headline at the beginning of the ad usually displayed in bold'. The 'Content' field contains '20 talks, Feb 8-9, Portland, Oregon.' A 'Preview' section on the right shows a sample ad with the PyCascades logo and text: 'PyCascades 2020 20 talks, Feb 8-9, Portland, Oregon. Tickets on sale now! Community Ad'.

A real advertising report

Our reporting interface shows you:

- Your exact spend and performance on a day by day basis
- How each ad you're running is performing
- How much is left on your campaign and when it should wrap up
- The top performing geos and publishers for your ads

Rates and targeting

Our prices differ by topic and by geography and rates change quarterly to balance demand. Prices are in cost per thousand impressions (CPM) with a \$1,000 minimum ad buy.

We offer an automatic 10% discount for ad buys of \$3,000 or more.

Topic	USA Canada	Europe Australia New Zealand	Near Global
Data science / machine learning	\$6.00	\$4.75	\$1.25
Security / privacy	\$5.50	\$4.50	\$1.15
DevOps	\$5.50	\$4.50	\$1.15
Backend web development	\$5.00	\$4.00	\$1.00
Frontend web / JavaScript	\$5.00	\$4.00	\$1.00
Python	\$5.00	\$4.00	\$1.00
Geographic targeting only	\$4.25	\$3.00	\$0.75

Cost per click (CPC) pricing is available. Lower pricing is possible without guaranteed inventory. Inquire for details.
Near global targeting has a small list of excluded countries. For other region prices, inquire for details.

Example campaigns

Example Campaign #1
300k impressions
Geo targeting North America, EU, Australia, New Zealand
Topic targeting All developers
Rate \$3.33 CPM
\$999

Example Campaign #2
1000k impressions
Geo targeting US & Canada only
Topic targeting Backend web developers
Rate \$4.50 CPM - 10% discount rate
\$4,050

We can put together a custom campaign that fits your budget and meets your advertising goals.

Ad specifications

Text & Image advertisements

- Images: 240*180px (displayed at 120*90)
- Text: Up to 100 characters
- Images are shown near the text, either above or beside it, depending on the design of the publisher's site
- Copy can be selective italicized or bolded
- Ads can also be shown as text-only ads if you opt into that, increasing distribution among our publisher network.
- For a live example, see <https://flask.palletsprojects.com/>

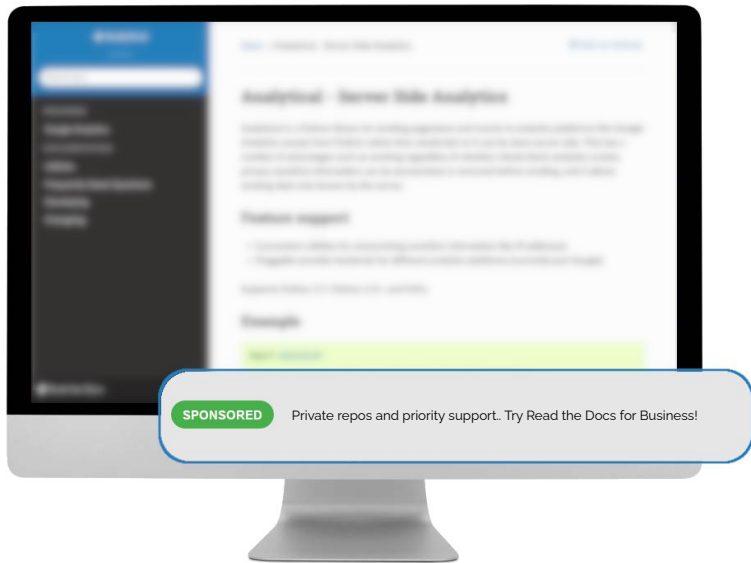

Sidebar ad

Ad specifications

Text-only advertisements (no image)

- Text-only ads can show at the bottom of the page and scroll when the user scrolls for maximum visibility.
- Text ads can also be integrated into the main content of the site, appearing above the primary content of the page.
- Text requirements are exactly the same as the sidebar ads (up to 100 characters) so the same copy can be used.
- For a live example, see <https://jsbin.com>

Text-only fixed footer ad
